

Cybersecurity Project - Preparation Phase

Group Members:

Noran Aljodi – 445005178

Gala Albishri – 445006326

Retaj Alhazmi – 445006594

Shatha Alhumaidi – 445000176

1. Project Overview

Our booth is about Passwords and Authentication, and we want to raise awareness about creating strong passwords and using authentication factors to stay safe online.

We will show short slides explaining the topic, play games like Code Breaker, Password Puzzles, and a spinning wheel with questions and advice, we will also have a poster and giveaways like stickers and chocolates with cybersecurity messages to make the booth fun and educational.

2. Booth Activities

- Presentation slides explaining passwords, authentication, and security tips.
- Code Breaker game to test password strength.
- Password Puzzle game for interactive learning.
- Spinning Wheel with security questions and quick advice.
- Poster with main password and authentication tips.
- Giveaways: stickers and chocolates with awareness message.

3. Roles and Responsibilities

- Noran Aljodi: Prepare educational slides, explain the concept of the booth to visitors, and take photos for the booth.
- Gala Albishri: Prepare and implement the "Code Breaker" game, help visitors play, distribute gifts, and take photos for the booth.
- Retaj Alhazmi: Design and implement the "Spin the Wheel" activity, interact with visitors during the game, and distribute gifts.
- Shatha Alhumaidi: Design the booth poster, prepare the "Password Puzzle" game, and interact with visitors during the activity.
